## PROFESSIONAL EXPERIENCE

---

### Raytheon

Incoming Finance Analyst  
Finance Intern

McKinney, Texas

June 2026

June 2025 – August 2025

- Automated booking, sales, earnings, and cash flow reporting processes by integrating SAP Analysis for Office with Excel VBA, reducing manual input and improving accuracy and efficiency
- Built interactive Power BI dashboards to highlight key variances between actuals and forecasts, enhancing executive visibility and driving timely financial insights
- Collaborated with intern team to evaluate and enhance key operational processes within program controls, identifying inefficiencies and developing metrics to assess and improve overall process effectiveness

### Integration Innovation Inc.

Power BI Intern

Huntsville, Alabama

May 2024 – April 2025

- Designed and developed interactive dashboards and reports in Power BI using data sources such as SQL databases, SharePoint, and API interfaces, providing actionable business intelligence to management
- Utilized DOD risk framework to model risk of current projects and analyze overhead risk of potential contracts in defense
- Overhauled current IT asset management system utilizing Power BI to gain insight into upcoming expenditures and hardware
- Communicated with Axiom to propose and develop dashboards aimed at optimizing operational processes

Program Finance Intern

May 2023 – April 2024

- Utilized VBA to automate the process of organizing, analyzing, and formatting weekly, and monthly Excel expense reports, highlighting current labor usage, profitability of each contract, and variation between forecasted numbers and actuals, saved 15 labor hours monthly
- Utilized Deltek Costpoint system to monitor charge codes, ensuring comprehensive and accurate time and expense documentation for both prime and sub-contractors, maintaining adherence to government contract guidelines to support project success
- Ensured employee work authorization documents met audit standards and were created, organized, and emailed to all relevant employees on each project

### Pizza Hut

Manager & Driver

Colleyville, Texas

June 2019 – August 2021

- Led and encouraged employees to complete transactions in a proper and timely manner by organizing team meetings before rush hours to outline duties and expectations
- Managed inventory database by inputting current inventory numbers to analyze use of inventory, monitor consumer preferences, and tailor future orders of inventory based on current inventory use

## LEADERSHIP & INVOLVEMENT

---

### Texas A&M Rocket Engine Design Team

Treasurer

College Station, Texas

September 2022 – May 2024

- Managed finances for organization by updating Excel Ledger with transactions tracking current revenues and expenses ensuring projects stay within budget
- Functioned as liaison between organization and potential and current sponsors to generate funds and donations
- Utilized social media platforms Instagram, and LinkedIn to share updates on current projects and expand social presence
