## PROFESSIONAL EXPERIENCE

---

### Wells Fargo

Incoming Investment Banking Analyst (Energy & Power Group)

Houston, Texas

June 2025

### Chevron Corporation

Facilities Intern

Houston, Texas

May 2024 – August 2024

- Executed detailed capital budgeting analysis to propose actionable investing strategy to replace critical facility infrastructure, incorporating risk, net-present-value, and expenditure optimization analysis to influence budget allocation
- Improved Capital Efficiency by 45% through identification and reduction of unoptimized investment strategies, proposing factory manufacturing strategy and prioritized infrastructure installments based on asset risk and geography profiles

CTC Wells Intern

May 2023 – August 2023

- Led AI integration initiative for Chevron's CTC Standards Team, enhancing operational efficiency by streamlining data accessibility from 100K+ document items through collaboration with leading tech platforms like ChatGPT, Goldfire, and internal machine learning teams

### Horizon Mud Company

Chief Laboratory Technician, Assistant Mud Engineer

Midland, Texas

June 2021 – August 2021

- Designed and executed comprehensive reports evaluating the performance and potential of current and future products, presenting monthly strategic insights directly to the Chief Operations Officer

## LEADERSHIP & INVOLVEMENT

---

### Phi Delta Theta Fraternity

Philanthropy Chair

College Station, Texas

January 2023 – December 2023

- Established and led the fraternity's first philanthropic initiatives, successfully raising over \$32,000 through inaugural fundraising events; cultivated partnerships with campus leadership and local businesses to support the Live Like Lou Foundation, garnering community engagement via social media campaigns and fundraising efforts

Treasurer

January 2022 – December 2023

- Spearheaded overhaul of fraternity dues policies through campaign to shift from punitive measures to a reward-based system; successfully advocated for and implemented incentives for timely payments, resulting in a 60% reduction in late dues
- Directed allocation of funding to fraternity events by estimating appropriate capital allocation based on previous expenditures

### Sophomores Advance in Leadership (SAIL)

Finance Committee

College Station, Texas

September 2021 – May 2022

- Orchestrated advertising campaign and coordinated committees for fundraising, securing resources for yearly activities that ultimately contributed to local community service events in the Bryan College Station area and national fundraising initiatives for the Child Mind Institute

### Word at Work

Construction Volunteer Lead

El Progresso, Belize

April 2017 & April 2018

- Managed construction of a church and housing for rural villagers through cooperation of American and Belizean volunteers
