PROFESSIONAL EXPERIENCE

Texas Instruments

Incoming Business and Operations Intern

Dallas, Texas

May 2024 – August 2024

Texas Instruments

Replenishment Planning Intern

Dallas, Texas

May 2023 – August 2023

- Conducted biweekly analysis of start plan changes by business unit to identify trends that could be systematically addressed
- Proposed integration of customer escalations data into start plan algorithms to create more accurate start plans
- Automated a change request template used by multiple teams through replacement of hard-coded Excel formulas with dynamic VBA code running in the background that pulls data from a refreshable query
- Developed a strategy walkthrough of yes/no questions using VBA code that eliminated a biweekly, hour-long meeting for 8 team members adding to a more efficient workflow
- Identified 95 high-performing and 84 low-performing customer service agents through use of performance data and updated agent instruction manuals based on performance gaps and presented findings to customer operations management

Cox Manufacturing

Quality Engineering Intern

San Antonio, Texas

May 2021 – August 2021

- Wrote vision system programs used for part measurement and led overhaul of outdated programs for over a dozen parts with historical contracts to ensure high quality part manufacturing and retain respective contracts
- Operated laser-inscription machine for ID-tagging process of all collets and guide bushings for 3 departments on machine floor, leading to easily accessed dimensions and inventory status of collets and guide bushings
- Conducted a bar-consumption study in tandem with process engineering team; resulted in report identifying bar waste of specific machines for all departments prompting discussions on waste reduction solutions
- Liaised between quality engineering team and different departments on quality assurance and continuous improvement to provide confirmations of vision system programs and record machinist feedback on current projects to improve outcomes and workplace efficiencies
- Spearheaded intern feedback program, analyzing all projects and duties completed during time at firm and relaying possible changes and improvements for future interns to CEO for consideration and implementation

LEADERSHIP & INVOLVEMENT

Freshmen Leaders in Christ

On-Campus Committee Member and Staffer

College Station, Texas

September 2020 – May 2022

- Conducted community outreach to international students on the Texas A&M campus by holding virtual lunches to foster relationships and create community with among the students
- Led recruitment of performers for All-FLO Benefit Concert with leadership partner, procuring \$500 of funding for scholarships to Fish Camp and Impact Retreat
- Co-staffed the Service and Outreach committee, overseeing all regularly occurring service events for organization, including food drives, Angel Tree, prayer walks, and The Bridge Ministries
- Orchestrated all inter-organization events, such as the Spring Formal and FLO-bowl team, to promote camaraderie and advertise the mission of the organization to prospective members through social media
- Coordinated all 10 Big Event teams through parent website and GroupMe by communicating site leaders for each group and equipping site leaders with all necessary information and answering day-of questions
