PROFESSIONAL EXPERIENCE

PwC

Incoming Delivering Deal Value Associate

Dallas, Texas

Summer/Fall 2026

Hilti

Industrial Engineering Intern

Dallas, Texas

June 2025 – August 2025

- Designed and led a cross-functional project to assess quality criteria alignment during the manufacturing process at the saw and laser, coordinating efforts between the quality team and 2 plant floor teams
- Conducted root cause analysis on misalignment issues, identifying key gaps and contributing actionable recommendations to improve operational consistency between cutting, assembly and final inspection to 90%
- Performed economic analysis comparing multiple machinery options to optimize process efficiency and cost-effectiveness, resulting in data-driven recommendations for capital investment

Bimbo Bakeries

Manufacturing and Systems Engineering Intern

Fort Worth, Texas

May 2024 – August 2024

- Organized project to replace all Magic Info Televisions in over 50 bakeries, which included project tracking, communication with vendors, and coordination with over 50 bakery managers and 8 engineers
- Created authorizations for expenditures to submit to capital finance for Food Safety Modernization Act (FSMA) Cameras and Capitalization forms and closed project for Industrial Data Centers (IDC)
- Reconciled current projects to report spending and forecast the future year's spending to capital finance

Manufacturing and Systems Engineering Intern

May 2023 – August 2023

- Supported the installation and maintenance of plant floor systems, 700+ plant floor accounts and Strong-Arm terminal stations within the bakery to ensure reliable operational performance
- Installed and aligned programs such as Envision, WinSPC, Thin Client (ACP Manager), Envision, and Product Scoring software all designed for plant floor users and employees to take and analyze quality data
- Ensured alignment and connectivity of Oracle based systems such as Manufacturing Integrated Production Systems (MIPS), and the Oracle Data Interface (ODI) with the plant floor software

LEADERSHIP & INVOLVEMENT

Division I NCEA Equestrian

Student Athlete

College Station, Texas

August 2020 – May 2025

- Rode, practiced, worked out, reviewed film, and competed with the team 25+ hours per week
- Worked with coaches and teammates to organize and prepare for scrimmages and meets
- Communicated with professors and advisors to stay current in schoolwork and make up exams

1922 Fund Donor Relations

Student Athlete Representative

College Station, Texas

August 2022 – May 2025

- Represent the university in donor-facing interactions, ensuring a positive experience and continued support
- Attend donor dinners and social events to foster strong relationships and ensure donor satisfaction
- Collaborate with university staff to maintain donor engagement, communication and alignment with the fund's mission
