(512) 784-4351 • Cedar Park, TX • austinbrowder@icloud.com

## EDUCATION

### Texas A&M University

College of Engineering, Mays Business School  
Bachelor of Science in Industrial & Systems Engineering  
Master of Science in Finance

College Station, Texas

May 2026

Cumulative GPA: 3.84 / 4.00

Cumulative GPA: 3.80 / 4.00

## PROFESSIONAL EXPERIENCE

### Ernst & Young

Incoming Structured Finance Staff  
Structured Finance, Risk Consulting Intern

Houston, Texas

September 2026

June 2025– August 2025

- Performed collateral due diligence for commercial mortgage-backed security transactions in coordination with major investment banks and internal deal teams
- Analyzed borrower and property-level data to ensure accuracy and consistency across securitization documents
- Proactively developed and presented workflow improvement tools, enhancing team efficiency

### GAF Materials

Supply Chain Planning Intern

Parsippany, New Jersey

June 2024 – August 2024

- Planned, structured, and created a user-friendly tool in Excel and Tableau for demand-supply balancing that brings visibility to previously unseen levels of detail, enabling optimal data-driven decision making
- Collaborated with team members to seamlessly integrate the tool into planning processes
- Discovered and fixed inconsistencies in the data driving demand forecasting resulting in increased forecast accuracy

### Cedar Park Typhoons Swim Team

Coach

Cedar Park, Texas

May 2022 – July 2022

- Led structured practice by creating specific workouts and practice sets to teach stroke technique and specialized skills
- Developed swimming skills in over 100 youth ranging from 4-17 years old and transformed everyone into a successful competitive swimmer

## LEADERSHIP & INVOLVEMENT

### Texas A&M Climbing Team

President

College Station, Texas

September 2022 – Present

- Lead a team of eight officers to train over 40 athletes, raise funds, host social events, expand outreach, and enable A&M climbers to compete in national level competitions
- Plan and manage BTHO Gravity, Texas A&M's annual climbing competition, which attracts over 120 competitors and generates over \$2,000 in revenue

### Engineering Project Showcase – 3<sup>rd</sup> Place in Major

Team Member

College Station, Texas

April 2025

- Designed an improved pre-admission call system for Baylor Scott & White's endoscopy center with a projected 26% reduction in average cost per call and 62% decrease in procedure cancellation rates
- Presented technical findings and strategic recommendations to a panel of judges, contributing to a 3<sup>rd</sup> place finish out of 33 teams.

### Sophomores Leaders Impacting, Developing, and Educating (SLIDE)

Director

College Station, Texas

May 2022 – May 2024

- Raised awareness for students' mental health and sexual assault victims by hosting informatory panels, contacting professional counselors, advertising through flyer distribution and banner, and reserving venues through A&M event services
- Developed 80 sophomore students into future leaders by providing experiential learning opportunities for public speaking, PowerPoint creation, and networking during biweekly meetings
