EXPERIENCE

SmartPlant Group – Urban Vertical Farming
Business Data Analyst

Berlin, DE

June 2024 – July 2024

- Customized and managed an Excel spreadsheet outlining customer segments and estimating respective future costs, including calculating Total Addressable Market (TAM) for each segment.
- Conducted target customer & lead identification for corporate customers, restaurant & hotel chains, real estate developers and managers, caterers, and canteen operators.
- Researched competitive landscape in vertical farming and CEO (Controlled Environment Agriculture) in Europe, North America, and Asia.

Omega Builders – Production Homebuilder
Summer Finance Intern

Temple, TX

June 2022 – August 2023

- Analyzed job costs for current closed homes to compare historic profit performance utilizing Excel.
- Compared property tax valuations for over 200 properties to contest overvalued properties.
- Developed master document detailing tasks for each position in finance and accounting department, including step-by-step instructions on using company's software to complete tasks.
- Created organizational chart mapping roles, responsibilities, and communication flow within finance and accounting, highlighting the interconnected job functions and delivery relationships.

LEADERSHIP

Texas A&M University International Business Association
Member

College Station, TX
August 2021 – Present

- Supported international students in their transition to a new cultural environment through "Buddy Program" by providing guidance on housing, shopping, and navigating practical matters.
- Facilitated intercultural exchange and integration through organized social events, enhancing international students' experience and building global network.
- Attend biweekly lectures from professional business speakers across different areas of business.
- Learn about economies and business practices in other parts of world such as Europe and Asia.
