PROFESSIONAL EXPERIENCE

BVA Group   **Plano, Texas**
Incoming Financial Analyst   *August 2026*

Howard Energy Partners   **San Antonio, Texas**
Corporate Development Intern   *June 2025 – August 2025*
- Developed a type curve model to chronologically align and compare actual vs forecasted production data across 8 well pads that produce 21,000 bbl/d, uncovering discrepancies caused by unforeseen operator activity with the use of Enverus software
- Translated type curve analysis findings into an upstream customer volume forecasting technique with at most 5% error of actual production volumes, directly facilitating contract pricing terms and enhancing revenue predictability
- Conducted financial due diligence to create DCF models with up to 9 distinct underwriting cases for M&A and commercial midstream infrastructure projects, totalling $100M in future cash flows across 4 prospective investments

Fujifilm Diosynth Biotechnologies   **College Station, Texas**
Project Engineering – Capital Expenditures Intern   *May 2024 – December 2024*
- Partnered with project managers on various capital projects, totaling $3.3M, and personally managed one capital project from conception through completion, totaling $150K
- Consulted with internal customers to translate preliminary project information into project charters, budgets, and schedules
- Collaborated with finance and procurement departments to purchase project-related pharmaceutical manufacturing equipment and services; overseeing installation and infrastructure work performed by external contractors
- Assisted in forecasting projected cash flows for the CAPEX project portfolio over a 5-year term, totaling $15M

HEB   **College Station, Texas**
Customer Service Assistant   *July 2023 – August 2024*
- Interfaced with 200 customers per shift while displaying enthusiasm, engaging in friendly conversation, and bagging and carrying out groceries to maximize customer satisfaction and experience
- Coordinated efficiently with cashiers to manage busy checkouts, resolve customer issues and requests, and ensure an overall excellent customer shopping experience
- Supported ~10 customer requests per shift with excellent service and provided expertise on store products and layout

LEADERSHIP & INVOLVEMENT

Aggie Investment Club   **College Station, Texas**
Member   *January 2024 – Present*
- Attended 15 meetings throughout each semester, focusing on financial and investing concepts, developing intelligent and creative thinking ability, and career preparation
- Listened to lectures given by professionals in the finance industry centered around the technical functions of their jobs, macroeconomic conditions impacting their careers, and sharing career advancement advice such as networking techniques.
