PROFESSIONAL EXPERIENCE

Gulf Coast Pavers

Engineering and Operations Intern

Houston, Texas

June 2025 – July 2025

- Created a scheduling program in Airtable to analyze start-time delays in 1000+ contracts separated by general contractor and three job-types enabling more informed decisions when buying job materials
- Standardized and distributed a list of over 40 tools that are essential to job sites and must be organized and checked often on the trucks, reducing delays related to forgetfulness and simple mistakes
- Worked and completed 50% of an \$80,000+ residential driveway contract unloading, cutting, and laying pavers

Topgolf

Guest Services, Food Runner

The Colony, Texas

May 2022 – August 2022

- Boosted guest satisfaction 20% by proactively greeting and attending to guests within one minute of seating, ensuring a welcoming and attentive dining experience that set a positive tone for the meal
- Coordinated with kitchen staff to ensure timely service, guaranteeing that all food orders were delivered within 20 minutes of placement and dealt with issues such as delays and order inaccuracies

LEADERSHIP & INVOLVEMENT

Aggie Investment Club (AIC)

Member

College Station, Texas

September 2024 – May 2025

- Secured \$50,000 of funding for AIC's new autonomous quantitative investment fund with the president of the club and a team of 7 Engineering and Computer Science majors
- Engaged in collaborative discussions with fellow Texas A&M students interested in investing and finance, building relationships and sharing insights on market trends, company valuation methods, and analyzing current events
- Conducted in-depth financial analysis of Uber Technologies Inc., utilizing Excel to model projected cash flows, assess key financial ratios, and evaluate the company's fundamentals to support a data-driven investment thesis

Vertical Flight Design Team (VFD)

Member, Outreach

College Station, Texas

September 2024 – May 2025

- Curated and published three strategic Instagram posts that boosted audience engagement and increased public awareness of the Vertical Flight Design Team, including current officer biographies
- Collaborated with a team of 3 graphic designers to develop compelling recruitment visuals, providing creative input and feedback to ensure imagery effectively communicated the department's mission and attracted potential members

Freshman Aggies Spreading Tradition (FAST)

Member, Service Committee, Big

College Station, Texas

September 2023 – May 2025

- Attended and encouraged other students to attend Aggie traditions such as Silver Taps, Muster, and Bonfire Memorial
- Organized a car wash, helped design and build a Surf's Up themed shack for Habitat for Humanity's Shackathon, and raised over \$3000 for the Rock the Ring scholarship, a philanthropy that helps Aggies afford their Aggie Ring
- Ran FastTrack with a large team, a two-night retreat that let dozens of high schoolers learn about A&M's traditions, student life, and core values of the university
